

ARE YOU A CARER?

A Carer is someone who, without payment, looks after or provides help and support to a partner, child, relative, friend or neighbour who could not manage without this help. This could be due to age, mental or physical illness or disability, or substance misuse.

Anyone can be a Carer! SCC supports Carers from the age of 8 through to adults of any age.

Many people do not recognise themselves as 'Carers'; they are just looking after their mother, son, or best friend, 'getting on with it' and doing what anyone would in their situation.

But caring often involves juggling work, study and other family responsibilities, and introduces a new range of knowledge, skills and contacts.

Although caring can be rewarding, it can also impact our wellbeing, opportunities and financial stability. The majority of Carers struggle alone and do not know that help is available.

Sutton Carers Centre is a local, independent charity, linked to the national charity, Carers Trust, which connects Carers' services across the UK.

A full list of our current services can be found overleaf.
